

To,

The Additional Municipal commissioner (Projects),

BMC Annexe bldg,

Dt: 01-07-06

3rd Floor, Mahapalika Marg,

Mumbai—400001.

Sub: Committee/adv board on education

Dear Mr.Srivastava,

This is in reference to the above mentioned subject inviting interested citizens to become a member of the various committees/advisory boards to suggest improvement in govt. school educational standard. I personally feel Govt. schools can be upgraded even to a level better than any pvt/public schools provided there are greater commitments at every level of functioning, policy, administration, teachers, parents, society, media etc. I will be happy to give my inputs as and when required and be a part of the adv board, anywhere either near central Mumbai—south Mumbai or near Fort-church gate area.

Whatever, experience I have as a father, exp of staying in various countries, working with UN system, now actively involved with NGO working in remote tribal area and helping them solving their problem with education--health -micro credit-women empowerment-water-sanitation etc, of working-studying-researching-teaching medical-engineering students at Delhi university, abroad- and at IITD-did my Ph.D. in Biomed engineering also after almost 10 years of being qualified (MD) as a Gynecologist from Delhi university.

Hope I shall be able to give some of my thoughts which may be useful for my country and the children. I once again convey my best wishes for the noble endeavor.

Warm regards,

Dr.Amit sengupta

MBBS,MD(OBGYN-DU),Ph.D.(BME-IITD/AIIMS)

Consulting Gynecologist-biomedical scientist
